

Eligible Psychiatry Sites for the Choose West Virginia Practice Program Service Obligation

This handbook lists sites which typically qualify for the Choose West Virginia Practice Program service obligation. The document lists the locations of sites across West Virginia by county. Most Federally qualified health centers, federal and state correctional facilities, free clinics, rural health clinics and school-based health centers will typically qualify for the service obligation. Additional contact information for approved service obligations is available at: <http://www.dhhr.wv.gov/dpc/Pages/default.aspx>. Please note this is a fluid list and designations can change per the US Health Resources & Services Administration.

Disciplines

This handbook is for the following Choose West Virginia Practice Program disciplines to aid in the search for an eligible service site location: *MD/DO students who are practicing in West Virginia in psychiatry, including addiction, child & adolescent and geriatric.*

Acronym Definitions

CF – Correctional Facility
FC – Free Clinic

FQHC – Federally Qualified Health Center
RHC – Rural Health Clinic

Sites which are designated as a Federally Qualified Health Center (FQHC), Correctional Facility (CF), Free Clinic (FR) or Rural Health Clinic (RHC) should be approved for the service obligation.

County Health Professions Shortage Area (HPSA) Designation Definitions (all designations are made by the federal government):

Geographic HPSA: Geographic HPSAs have a shortage of services for the entire population within an established geographic area.

Population HPSA: Population HPSAs have a shortage of services for a specific population subset within an established geographic area. Frequently Designated Population HPSAs include:

- Medicaid eligible
- Low income
- Migrant farmworker
- Native American/Alaskan Native
- People experiencing homelessness

Facility HPSAs: Facility HPSAs include three categories:

- **Other Facility (OFAC):** Public or non-profit private medical facilities serving a population or geographic area designated as a HPSA with a shortage of health providers.
- **Correctional Facility:** Medium to maximum-security federal and state correctional institutions and youth detention facilities with a shortage of health providers.
- **State Mental Hospitals:** State or county hospitals with a shortage of psychiatric professionals (mental health designations only).

Automatic Facility HPSAs (Auto-HPSAs): Some facilities do not have to apply for a designation. They are automatically designated as HPSAs by statute or through regulation. These include:

- **Federally Qualified Health Centers (FQHCs)**
Health centers that:
 - Provide care to an underserved area or population
 - Offer a sliding fee scale
 - Provide comprehensive services
 - Have an ongoing quality assurance program; and
 - Have a governing board of directors.

All organizations receiving grants under Health Center Program Section 330 of the Public Health Service Act are FQHCs.

- **FQHC Look-A-Likes (LALs)**
Community-based health care providers that meet the requirements of the HRSA Health Center Program, but do not receive Health Center Program funding.
- **Indian Health Facilities**
Federal Indian Health Service (**IHS**), tribally run, and Urban Indian health clinics that provide medical services to members of federally recognized tribes and Alaska Natives.
- **IHS and Tribal Hospitals**
Federal Indian Health Service (**IHS**) and tribally run hospitals that provide inpatient and outpatient medical services to members of federally recognized tribes and Alaska Natives.
- **Dual-funded Community Health Centers/Tribal Clinics**
Health centers that receive funding from tribal entities and HRSA to provide medical services to members of federally recognized tribes and Alaska Natives.
- **CMS-Certified Rural Health Clinics (RHCs) that meet National Health Service Corps (NHSC) site requirements**
Outpatient clinics located in non-urbanized areas which CMS certifies as RHCs and meet NHSC Site requirements including accepting Medicaid, CHIP, and providing services on a sliding fee scale.

Site Criteria for Choose WV Service Obligation

To be an eligible site for the Choose West Virginia Practice Program, the majority of patients served must fall into the one or more of the above listed designations definitions for eligible sites.

Geographic HPSA

Most sites located in counties designated as a **Geographic HPSA** will qualify for the Choose WV service obligation. All service sites must be reviewed prior to being approved. Some areas may be designated as High Needs.

Low Income HPSA

For sites designated as a **Low Income HPSA**, documentation must be submitted showing the majority of patients served meet the designation criteria above. Documentation should be submitted by the site administrator or supervisor to the Health Science Program Administrator at ChooseWV@wvhepc.edu. Participants additionally must submit a Choose WV Service Site Waiver to be reviewed by the Vice Chancellor of Health Sciences. Sites listed in this document are typically approved, regardless of the county designation status.

For a list of current eligible FQHCs, FQHC-LAL, RHC, CMS, please visit:
<https://data.hrsa.gov/tools/shortage-area/hpsa-find>. The list is updated continuously.

Not a HPSA

For sites located in counties that are designated as **Not a HPSA County** and are not listed as a FQHC, FC, RHC, CF, documentation must be submitted showing the majority of patients served meet the designations criteria above. Documentation should be submitted by the site administrator or supervisor to the Health Science Program Administrator at ChooseWV@wvhepc.edu. Participants additionally must submit a Choose WV Service Site Waiver to be reviewed by the Vice Chancellor of HealthSciences.

Counties which are not designated as a HPSA may have facilities located within the county which may qualify for the Choose WV service obligation. Sites in these counties can be reviewed on a case-by-case basis through the Choose WV service waiver process.

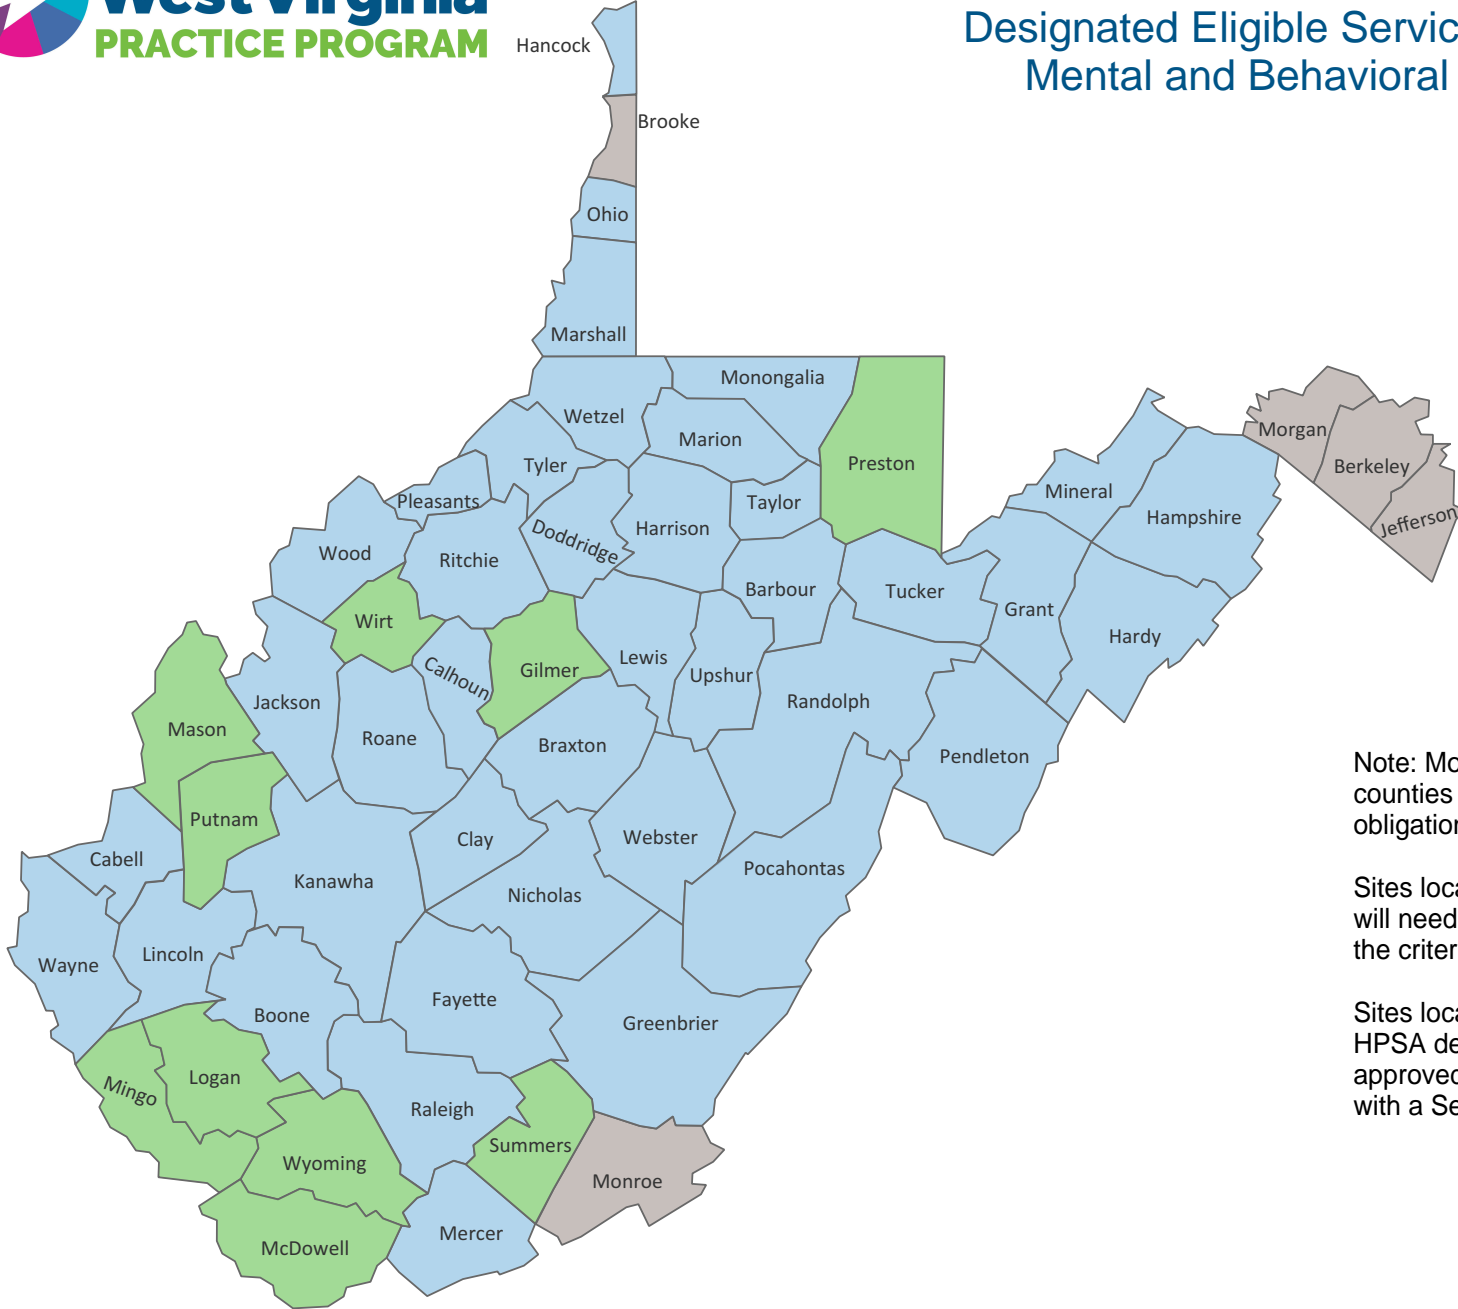

New Practice or Lack of Supporting Data

For sites which may be a new practice and do not have sufficient patient data, participants can ask for a deferment for six calendar months to gather patient data and submit at the end of the deferment period. If sufficient data have been collected to show the majority of the patient population meets the criteria, a Choose WV Service Site Waiver can be submitted for review of the site.

The information listed on the following pages are sites which typically qualify for the Choose West Virginia Practice Program service obligation. The document lists the locations of eligible sites across West Virginia by county and includes the site name, site city and site designation. Please note this list is meant to be used as a guidance tool and is not an all-encompassing list. Designation status can change and be updated at any time.

If you have any additional questions about service site locations or the Choose West Virginia Practice Program, please contact: ChooseWV@wvhepc.edu.

2023-2024
Designated Eligible Service Area Map for
Mental and Behavioral Health Sites

Designation Type
■ Geographic
■ Low Income
■ None

Note: Most sites in geographic designated counties will qualify for the ChWV service obligation.

Sites located in low-income designated counties will need to be approved to determine if they meet the criteria via a patient population summary.

Sites located in counties which do not have a HPSA designation must be requested to be approved by the Vice Chancellor of Health Sciences with a Service Site Waiver.
